

CITY OF LODI COUNCIL COMMUNICATION

AGENDA TITLE: Set Public Hearing for April 18, 2007, to Consider Resolution Setting Storm Drainage Permit Compliance Inspection Fees for Wet Season Construction Inspection

MEETING DATE: March 7, 2007

PREPARED BY: Public Works Director

RECOMMENDED ACTION: Set a public hearing for April 18, 2007, to consider a resolution setting Storm Drainage Permit Compliance Inspection Fees for wet season construction inspection.

BACKGROUND INFORMATION: The State Water Resource Control Board issued to the City of Lodi Permit WDID No. 5B39NP00028 that governs the discharge of storm water runoff. A condition of that permit requires that regular wet season inspections of construction site best management practices (BMP's) be performed for all regulated construction sites. The wet season is defined as October 1 through April 15. We have attempted to perform these inspections using existing staff, but the State has made it clear that more inspections and improved records of inspections are expected.

Storm Drainage Permit Compliance Inspections are a new service to be provided by the City. Staff recommends that the City Council adopt new fees to be charged at the time of approval of Improvement Agreements and Building Permits to cover the new cost. The fee per site will vary depending upon the time and length of construction. The following fee structure is recommended.

1. First Monthly Construction Inspection \$156 each
2. Subsequent Monthly Construction Inspection \$119 each

The fee structure is based upon the inspection proposal provided by WGR Southwest, Inc. At a subsequent Council meeting, staff will request City Council approval of a professional services agreement with WGR Southwest, Inc., to perform the required inspections. The proposed fees include a 25% markup to cover administrative costs of the City.

The fees will become effective 30 days after the date of adoption of the resolution. In fact, the first inspections will occur in October 2007. The fees will be annually adjusted on July 1, using the Consumer Price (San Francisco Urban Area).

Staff requests the City Council set a public hearing for April 18, 2007, to consider a resolution establishing Storm Drainage Permit Compliance Inspection Fees for wet season inspection.

FISCAL IMPACT: Not applicable.

FUNDING AVAILABLE: Not applicable.

Richard C. Prima, Jr.
Public Works Director
